### **New Name for Owners Corporation Victoria**

VBCS is a founding member of the now former Owners Corporation Victoria (OCV) and congratulates the strata industry body on its new name and brand.

The OCV has recently had a name change to Strata Community Australia (VIC). This new brand highlights its relationship with Strata Community Australia (SCA) formerly known as the National Community Titles Institute as well as SCA's other members Community Titles Institute Queensland, Institute of Strata Title Management, Strata Titles Institute South Australia and Strata Titles Institute Western Australia.

All members of SCA have been rebranded under the new Strata Community Australia banner which has included a new constitution and governance structure.
